➤ Parts return terms

Prepare your parts return in a few steps!

Your parts return requests should be made through the "Return request" form to the address: france.returns@gb-group.co.

Please find the form here or you can ask for the form to this same address.

Any parts return won't be accepted without our validation of the form "Return request". Once the request is validated, the form must be printed and joined to the parcel. Returns without any document will be refused. Return requests should be sent within 2 months after the shipment date.

The parts returned should be packed in the same state as it was received (intact state).

The credit note will be based on the the invoiced net price with a 20% minoration for administrative and move charges in case of customer's mistake. Grégoire Besson can apply a superior minoration in case of part reconditionning. Parts whose price is inferior to 50 euros won't accepted in return.

☹ Claim

Accepted claims:

- Customer error (CLI)
- Input error (ADV GB)
- Preparation error (LIV)
- Delivery delay (RLI)
- Defective part (DEF)

For any shipping incident (damaged package), a reservation should be emitted at the reception to the shipper.

⊗ Delivery dispute

Delivery disputes should be declared within 15 days following the delivery.

IRON CARB

For endurance proof, trust the specialist!

Carbide plough point IRON CARB

PROFILE OF THE SLIPPERY SUPPORT

Eases the soil flow to slide and therefore avoids sticking and wear on a specific spot of the mouldboard.

FASTENING BOLT

Incorporated fastening bolt to avoid breaking related to the wear.

AGGRESSIVE ANGLE OF ATTACK

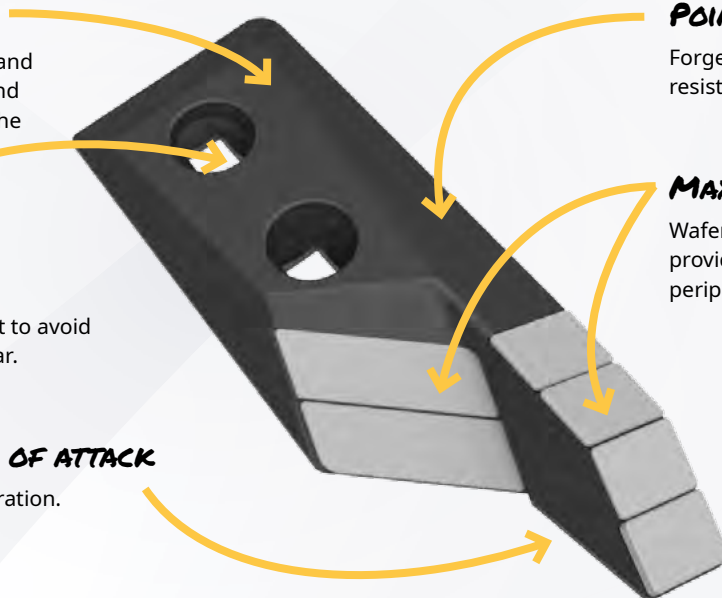

Favours a better soil penetration.

POINT SUPPORT

Forged and processed for a better resistance to abrasion.

MAXIMUM PROTECTION

Wafer positioning and angle choice provide the maximum protection for all peripheral components.

Carbide ploughshare IRON CARB

HEAT-TREATED AND HOT-FORMED

Heat-treated and hot-formed The IRON CARB ploughshare is fully treated (even the fixing holes) to prevent breakage.

WORK WITHOUT EXCESS FUEL CONSUMPTION

Less stress on peripheral parts.

Increased traction.

Reduced fuel consumption.

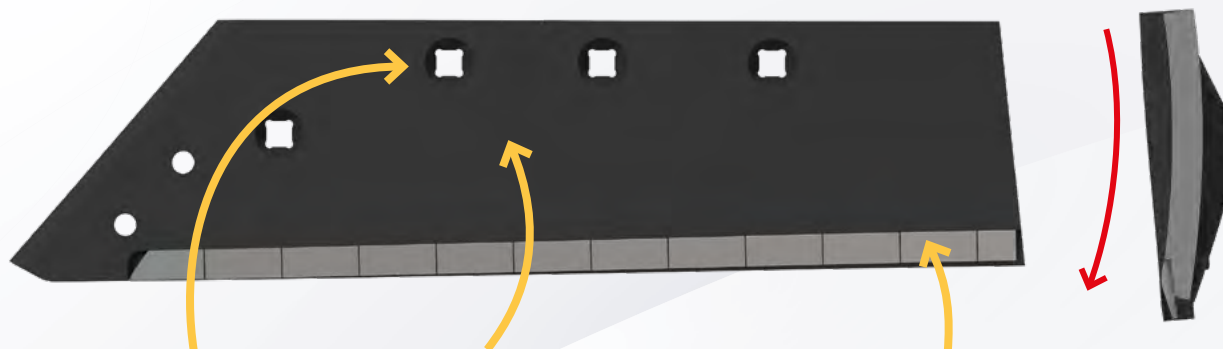

Maintains traction angles unlike an adaptable carbide part.

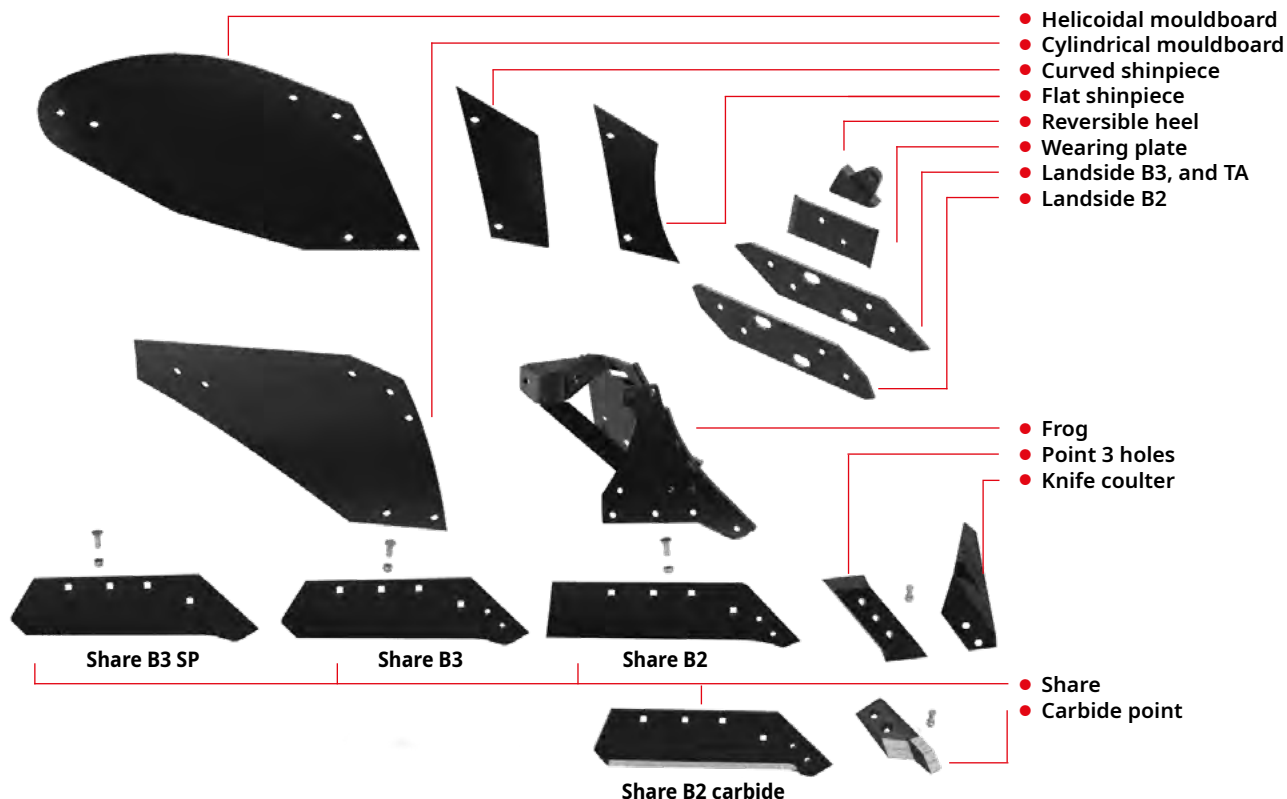

REDUCED MAINTENANCE TIME

Reduced maintenance time for the user thanks to a much longer service life than its carbide-free equivalent.

OPTIMUM SOIL SLIPPAGE

The rounded shape of the share at the end to help the soil along.

DART range

New collection of wearing parts!

For stubble cultivation between 10 and 30 cm deep.

POINTS

The new DART range is made for your shallow or deep stubble ploughing work. Its design allows it to perfectly fit the tine while offering mixing solutions adapted to your requirements.

**DART CARBIDE
POINT 80 MM**
Ref.: M340090

Weight: 2.50 kg
High screw: VI2202
Lower screw: VI2204
Nut: M241231

**POINTE DART
65 MM FORGÉE**
Ref.: M340117

Weight: 1.89 kg
High screw: M231257
Lower screw: M231250
Nut: M241231

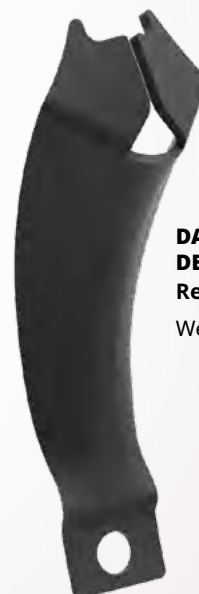

Many combinations possible!

DEFLECTORS

To ensure a good mix, two types of deflectors are available. The double mix deflector allows the flow of soil to be directed towards the front of the tine, while the universal deflector divides the flow of soil to either side of the tine.

**DART DOUBLE MIX
DEFLECTORS**
Ref.: M340086
Weight: 0.99 kg

**DART UNIVERSAL
DEFLECTORS**
Ref.: M340088
Weight: 1.59 Kg

WING

The wing allows for better crossing when stubble cultivation, two widths are available:

254 mm for the 230 mm step or 355 mm for the 306 mm step.

DART WING 10" 1/2
Ref.: M340087

Weight: 1.36 kg
- 254 mm: M340087
- 306 mm: M340089
